They provided question and answers regarding the upcoming selection process for a new police Chief. They also listened to our members for recommendations for the potential new Chief. We were informed that Bob Murray associate research group will be conducting the survey to provide to the commission the viable candidates. Of the all the forwarded candidates to the commission, the commission will then choose three candidates to be forwarded to the Mayor to choose as Chief. If the Mayor does not prefer any of the three, the process will then continue with the commission choosing another three.
